

RESOLUTION NO. 76

It now appears that an assessment for grade and gravel covering Southeast 1/4 Block 29, Hackleman's Second Addition to the City of Albany, Oregon in the amount of \$39.67 on October 31, 1923.

That such assessment does not appear to have been paid according to the records. It further appears that prior to 1939 the records concerning this lien were not indexed, the method of recording payments were not adequate nor uniform, and that even the abstract companies were unable to ascertain existence of such a lien from the books prior to 1939.

IT IS THEREFORE RESOLVED that the tender of Title and Trust of the principal sum of the lien, plus fifty (50%) percent of the principal amount as a compromise for interest, that due to the uncertainty of the records in respect as to whether same have been paid or not, the Recorder is authorized to accept the principal sum plus fifty (50%) percent and is directed to accept the same and to satisfy the said assessment lien of record, to-wit:

The assessment for grade and gravel covering Southeast 1/4 Block 29, Hackleman's Second Addition to the City of Albany, Oregon in the amount of \$39.67 on October 31, 1923.
