

RESOLUTION NO. 1028

WHEREAS, Notice of a proposal by the City to adjust fire protection rates charged by the City to the Albany Rural Fire Protection District was given the Secretary of the District in April of 1967, and

WHEREAS, the Board of Directors of the District have been unable to agree to such request because of recent failure of a ballot measure to authorize a sufficient tax levy to permit such an agreement, and

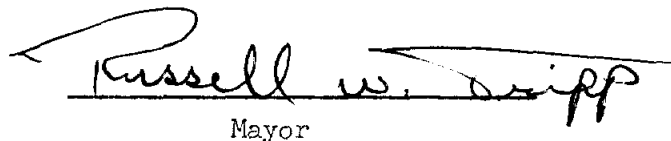

WHEREAS, the fire protection agreement current between the City and the District may be no longer effective after July 1, 1967, and
