# VITAL STATISTICS AND INFORMATION

Albany, the seat of fertile and lovely Linn County, is the "Hub of the Willamette Valley". It has excellent transportation facilities, beautiful homes, up-to-date schools and outstanding civic institutions. Easy-to-reach Albany is at the junction of U.S. Highways 99, 20 and Interstate 5, twenty-four miles south of Salem, and sixty-nine miles south of Portland.

Agriculture is highly diversified and the climate relatively free of extremes. The land, a combination of green valleys and timbered hills, produces bumper harvests of fruits, vegetables, filberts, grains and other crops. Irrigated pastures provide lush feed for herds of dairy and beef cattle. Poultry and poultry products, including turkeys, are money-makers too. Albany is the home of recognized leaders in the freeze dry industry. Smoked meats and frozen foods are produced locally, also.

Linn County is also the home of a vast timber empire, with sawmills, plywood mills, a particle board plant, a resin plant, and a furniture factory busy converting tall trees to finished products. Albany is also the regional headquarters of the U.S. Bureau of Mines. Numerous other industries indicate a progressive outlook.

Outdoor recreation is at its finest here. A large portion of the county is being set aside to provide an unspoiled wilderness area for escape from crowded, noisy cities. Beautiful Clear Lake is nearby; mountain scenery, deep forests, lava beds, Alpine lakes, sparkling streams and excellent hunting and fishing are all at hand. The popular Hoodoo Ski Bowl is an easy drive from Albany and the blue Pacific with its scenic beaches is not far. Albany and Linn County offer a way of life that is truly happy and contented.
