## “Hub of the Willamette Valley”

Albany, the seat of fertile and lovely Linn County, is the “Hub of the Willamette Valley.” It has excellent transportation facilities, beautiful homes, up-to-date schools and outstanding civic institutions. Easy-to-reach Albany is at the junction of U.S. Highways 99, 20 and Interstate 5, twenty-four miles south of Salem, and sixty-nine miles south of Portland.

Agriculture is highly diversified and the climate relatively free of extremes. The land, a combination of green valleys and timbered hills, produces bumper harvests of fruits, vegetables, filberts, grains and other crops. Irrigated pastures provide lush feed for herds of dairy and beef cattle. Poultry and poultry products, including turkeys, are money-makers too. Albany is the home of recognized leaders in the freeze dry industry. Smoked meats and frozen foods are produced locally, also.

Linn County is also the home of a vast timber empire, with sawmills, plywood mills, a particle-board plant, a resin plant, and a furniture factory busy converting tall trees to finished products. Albany is also the regional headquarters of the U.S. Bureau of Mines. Numerous other industries indicate a progressive outlook.

Outdoor recreation is at its finest here. A large portion of the county is being set aside to provide an unspoiled wilderness area for escape from crowded, noisy cities. Beautiful Clear Lake is nearby; mountain scenery, deep forests, lava beds, Alpine lakes, sparkling streams and excellent hunting and fishing are all at hand. The popular Hoodoo Ski Bowl is an easy drive from Albany and the blue Pacific with its scenic beaches is not far. Albany and Linn County offer a way of life that is truly happy and contented.

**ALTITUDE** - 212 feet above sea level.

**CHURCHES** - Albany has 50 churches representing 30 denominations.

**CITY RECREATION** - Albany's City Recreation is among the finest in the entire state. Other program areas include a Y-City Girls (4th thru 9th grade) Sports Club; Kiddie Krafts (pre-school) classes for children 3, 4 and 5 years of age; outdoor education; community gardening; supervised playgrounds and swimming instruction June thru August. The Albany Senior Citizen Center program boasts a brand new facility staffed with a full-time coordinator. Daily activities, recreational classes and special events and trips are scheduled year round. The Center also provides information and referral services and monthly blood pressure clinics.

**ALBANY BOYS CLUB** - There is a well-equipped Boys Club for all boys between the ages of 7 - 19. The Boys Club has one of the finest equipped game rooms that can be found. In the library, a boy can find a place to read,

watch TV, and play games. A boy can also find activities in woodworking, and lapidary work, and many other craft activities. If a boy is interested in athletics, the Boys Club provides programs in baseball, football, basketball, track and field, wrestling, boxing and soccer. The Albany Boys Club is a place where a boy can come and develop under qualified adult supervision.

**YMCA** - The mid-Willamette Family YMCA is oriented toward providing activities for men and women, boys and girls. Its facilities include an enclosed swimming pool, shower, drying and dressing rooms in modern decor, a sauna for both men and women, a large activity lobby with ping pong, pool, snack machines, a club room, lawn and play space, a gymnasium which houses two four-wall handball courts, volleyball, basketball, badminton and exercise mats. Slimnastics for women, gym classes for boys and girls, and handball and raquetball classes for women are offered in the gymnasium. Camping is available at Camp Silver Creek. The YMCA also sponsors the following community programs: Y Big Brothers and Sisters, Youth in Government, Good Times which is an after school child care program; Y Indian Guide Tribes; and a girls' sports program in cooperation with the city of Albany.

Albany's location of the U.S. Bureau of Mines experimental station has undoubtedly attracted other industry to the area. Agriculture, long a dominant factor in the economy continues to grow through Albany's several food processing plants. This also holds true of the seed processing business. Another link in the processing chain is the meat manufacturing facilities. More and more light industry is settling in the area to add even more dollars to the well-rounded and growing Albany economy. With abundant water, low cost power and economical well-situated industrial sites, the Albany future is decidedly bright. This well can be the "BRIGHTEST SPOT IN OREGON'S FUTURE."

# ALBANY GENERAL HOSPITAL

Approximately 5,500 people are patients at Albany General every year. More than 20,000 people use the hospital's emergency-outpatient service. The Medical staff has 56 active physicians on its membership roles. The employee staff now numbers about 350 and the hospital Auxiliary numbers over 400 volunteers.

In addition to the more obvious medical care we provide at Albany General, the hospital is doing more and more community service and education outside the hospital walls. Following are some of those services you might find helpful to your family, friends, place of employment, school or service organization. They are available free of charge.

\*\*\*The physician registry is a listing of all doctors in Albany who are accepting new patients into their practices. The listing includes important information about each physician's practice: what types of medical problems and ages of patients, office hours, special requests, etc. For a copy of the registry, call Darlene Reeder at the hospital, 926-2244, Ext. 102.

\*\*\*Health education for the community is now being sponsored by the hospital's speakers' service. Hospital personnel and physicians have signed up to speak to schools, clubs and organizations on topics about their special expertise. To schedule a speaker, contact the public relations department at 926-2244 Ext. 105.

\*\*\*Hospital tours are fun and educational. The hospital volunteer program handles the tour program, including trained escorts who take groups through most areas of the hospital and talk about how things work. Tours are available for all ages by contacting volunteer services, 926-2244, Ext. 106.

\*\*\*If you or someone you know needs information about medical care in Albany including hospital services, physician care or outside support services, the hospital is happy to assist. Contact the public relations office for further information on who can help.

Julie Owens is a nurse with a special job. She is the hospital's patient care coordinator and she spends her time taking care of special patient needs. She provides patient education, emotional support and information on resources for care after the patient has been discharged from the hospital.

*A Proud Member Of The Albany Community*

The Western Kraft plant is located on a 130 acre tract about 3½ miles north of Albany. This area was selected primarily because of its central location in relation to the supply of wood chips from the surrounding timber area.

Western Kraft is a growing company keeping pace with the community and economic development of Oregon. The quality products are a direct reflection of the outstanding members of this community who operate our modern facilities.
