BILL DOTY, MANAGER

The Publisher gratefully acknowledges the effort made by the Albany Area Chamber of Commerce in furnishing the following community statistics and information.

VITAL STATISTICS AND INFORMATION

“Hub of the Willamette Valley”

Albany, the seat of fertile and lovely Linn County, is the “Hub of the Willamette Valley”. The first white settlers came to Albany in 1846. Two years later, Walter and Thomas Monteith named the city after their former home in New York.

Today Albany is a thriving valley town, more eager than many communities to welcome new, clean industry.

Albany is in the center of Oregon’s Willamette Valley, at the confluence of the Willamette and Calapooia Rivers. It is at the intersection of Interstate 5 and U.S. Highway 20. Portland is 70 miles north and Eugene is 40 miles to the south.

The community’s present economy relies heavily on three industries: Rare metals, food products, lumber and wood products. The production of rare metals such as zirconium, molybdenum, columbium and titanium, has been important to the Albany area ever since the Bureau of Mines established a research facility here in 1943. Teledyne Wah Chang employs more than 1,500 people in the area with an annual payroll of more than \$50 million. Other leading contributors to the economy are Rem Metals Corporation, Oregon Metallurgical Corporation and Northwest Industries, Inc.

Albany leads other Linn County cities in employment in food and related products, providing 95 percent of the county employment in food processing. However, only five percent of Albany’s total employment is in this sector. Oregon Freeze Dry Foods, Inc. is the largest multi-purpose freeze drying plant in the United States with a local payroll of almost \$3 million.

Smoke-Craft is the world’s largest producer of beef jerky with an annual payroll of more than \$2 million. The Stokely-Camp Albany plant, processing frozen strawberries, green beans, corn and squash, employs 450 people at peak season.

Seven percent of Albany’s employment is in the wood products industry. Georgia-Pacific and Boise Cascade have area mills and plants, as do Willamette Industries, Southwest Forest Industries and the Simpson Timber Company. Golden West Homes produces large double-wide mobile homes under various brand names and R. Veal & Son is the west’s oldest furniture factory.

The American Can Company in nearby Halsey, Hewlett-Packard in Corvallis and Mt. Jefferson Woolens in Jefferson also contribute significantly to Albany’s economy.

Almost 20 percent of the employment in Albany is in government, half of which is in education. And Linn County is the largest grass seed producing county in Oregon and the Willamette Valley is called “The Grass Seed Capital of the World”.

In addition to trying to attract new industry to the community, Albany folks are active, participating in parades and festivals year-around. Albany boasts the largest Veterans’ Day Celebration in the United States and it is noted for its World Championship Timber Carnival, attended annually by more than 150,000 people and for its Spring Arts Festival, that attracts more than 100,000 people each year.

ALBANY GENERAL HOSPITAL

HISTORY - Albany General Hospital is a not-for-profit, general acute care, community hospital of 106 beds, located on 2.44 acres at 1046 West Sixth Street, Albany, Oregon. The hospital has been in continuous operation since 1924 when the first hospital building was constructed on this site. In 1957 a wing was built at the corner of Seventh and Elm and known today as the "57 Building". 1967 marked the first phase of construction on the present hospital facility. The second phase was completed in 1973. The 57 Building has not been used as a hospital facility since, and the 1924 portion has been torn down.

PRESENT FACILITY - The present hospital building is a four-story facility of approximately 113,000 square feet. The basement floor contains the departments of surgery, recovery, house-keeping, central processing, pharmacy, purchasing, maintenance, accounting and data processing. The first floor contains the business offices, administrative offices, and major ancillary services. The second, third and fourth floors contain the nursing and patient care units.

CORPORATION AND BOARD - The hospital is governed by a board of directors composed of prominent citizens of the area elected by the membership of the hospital corporation. The president of the hospital is the only salaried member of the board. The corporation is composed of donors who have contributed \$100 or more to the hospital. The number of members now exceeds 500.

STAFF AND EMPLOYEES - There are 108 active and courtesy members of the medical staff and 124 registered nurses. The total number of full time and part time hospital employees (including nurses) is 412 (306 full time equivalents). The hospital has agreements with Oregon Nurses Association and Service Employees Union Local No. 49. The auxiliary membership of 400 volunteers provides 13 in-hospital services and six community services (including breast examination and medic alert).

ACCREDITATION, APPROVALS, AND MEMBERSHIPS - The hospital has been accredited by the Joint Commission on Accreditation of Hospitals. It is approved and licensed by the Oregon Department of Human Resources and approved for participation in the Medicare and Medicaid (welfare) programs. It is a member of Blue Cross, American Hospital Association, The Association of Western Hospitals and the Oregon Association of Hospitals.

BUDGET - The hospital's 1980-81 budget is based upon a fiscal year of October - September with projections of 64% occupancy, 5,150 admissions, 4.80 average length of stay, 24,700 patient days, 19,900 emergency room visits, 11,000 referral visits (including all out-patient services other than out-patient surgery), \$5,600,000 for salaries; and \$4,064,000 for supplies, services and other expenses for a total annual budget of \$9,664,000.

ALPHABETICAL LIST OF NAMES
