

With your support we are able to offer an amazing free event for kids

Families not only have fun, but get to enjoy the great parks in Albany. Fun in the Park is all the best pieces of family recreation rolled into one — art, games, hands-on learning, and more, all in an outdoor park setting.

Fun in the Park

With a goal of increasing physical activity, building teamwork and problem solving abilities, creating great neighborhoods and social interaction, and expanding creativity, the Fun in the Park program serves children ages 2-12. This program helps to build community and continues to make Albany a great place to live, work, and raise a family. Keeping kids active, involved, thinking, and learning during the summer months is imperative to having children become outstanding citizens in our community.

Community Benefits

- Creative activities provide group interaction and constructive social opportunities. Art activities engage the mind and the spirit!
- Families are encouraged to explore their neighborhood parks, get outside, and connect with nature.
- Facilitates parent and child engagement.
- Develops healthier, happier, active children through physical activity and fitness challenges.
- Brings safe and fun experiences to kids in our community.
- Provides FREE activities on a weekly basis for families.
- Provides positive role models for youth of all ages.
- Creates the kind of community partnership that makes Albany a great place to live full active lives.

Sponsorship Benefits

- Inclusion in print ads with logo (MOM Magazine, Albany Parks & Recreation ACTIVATE Magazine, and the Democrat Herald).
- Inclusion on site signage with logo.
- On site presence with approval.
- Inclusion in social media campaigns.
- Inclusion on website with logo and link.
