Scheduled Business

5:18 p.m.

Library Director Eric Ikenouye presented the updated Privacy Policy to the Board for review and approval. The updated policy included a new section covering an opt-in text message service for patrons. It also had the Security Cameras section removed, which was moved to its own policy.

In response to several questions from the Board, Ikenouye states that none of the new information is subject to change unless there is a contract change with the service provider and patrons can opt in or out of the service directly from their account.

In response to a question from Hambley, Ikenouye states that a warrant is required for disclosure of patron records.

MOTION: Vice Chair Jaci Eiquihua moved to approve the updated Privacy Policy. Board Member Steve Borst seconded it and it passed (7-0).

The new Security Camera Policy was brought before the Board for approval.

In response to an inquiry from Hambley, Ikenouye states that security camera footage could be released for any legal request, including police requests, which are provided through a secure process.

The security cameras, installed by IT and building maintenance, are located at all the public service points, in the stacks, meeting rooms, entrances, parking lots, and at the bike rack; all high-traffic areas. They are video only and fixed, although locations are reconsidered when there are new problem areas for missing materials

and for new additions to the collection. All the building entryways indicate that surveillance cameras are in use.

MOTION: Board member Jane Sandberg moved to adopt the new Security Camera Policy. Board member Scott Kniefel seconded it and it passed (7-0).
